## Announcements of Fall Books.

The list of Books announced for fall publication shows an advance over any season in the history of the American book trade-the number of titles this year being nearly 1,800; as against 1,700, the highest number of any previous year. With the increase in population there is an increase in the number of book readers; and the demand for books grows, besides, with the growth of the reading habit as the country advances in intelligence and prosperity.

We take pleasure in announcing that a complete list of all the important works to be published this fall, nearly 1,800 titles, representing the output of about seventy-five publishing firms, is ready for distributions of a postel. tion, and can be had by applying at our Book Department-or a postal card request will bring it.

Our Book Store embraces more than 30,000 volumes of books in all departments of literature, and is an attractive place for the book loving public.

## Memorial Number of Harper's Weekly,

thirty-six pages, with colored cover, devoted to the impressive ceremonies of the late President McKinley's funeral. Price 10c. The New Magazines, for October, are appearing each day.

John Smith, Richard Connors, Charles Carriere, Albert Kraft, Henry Duehring, Harry Preston, Charles Beyler, August Duehring, James Mahorney, George Preston, Menry Henning, Fred Smith and Miss Rosie Smith.

Mr. and Mrs. George W. Harvey have issued invitations for the marriage of their daughter Mary Magdaline and Mr. William Sarsfield McCarthy Thursday morning, October 10, at 11 o'clock at St. Patrick's

Mr. C. L. Ebaugh and family of 522 3rd street northeast have returned to the city, after an absence of several weeks in Montgomey county, Missourt.

Rev. James T. Nevins and wife of Hanni-oal, Mo., are the guests of Mrs. Nevins' sister, Mrs. Charles L. Ebaugh of 522 3d street northeast. Mrs. Julius Levy of King City, Mo., formerly Miss Clara Oppenheimer, is visiting her parents at 612 R street.

Gen. H. V. Boynton and Mr. C. A. Boynton left yesterday for Buzzard's Bay to join their families. The former will re-turn at once with Mrs. Boynton, but the latter will continue his vacation, which was interrupted when the President died.

Mrs. William Stewart is at Atlantic City. The marriage of Miss Viva Leach and Mr. William Womble took place last night at the Hotel Magnolia and was followed by a reception and dance. The bride was given away by her brother-in-law, Mr. John Cryer of Baltimore, and Mr. Henry Davis was best man. The parlor was beautifully decorated for the occasion, and beautifully decorated for the occasion, and the ceremony was performed by Rev. Father Dolan under a canopy of roses and ferns. Over 100 useful and elegant presents were exhibited. The couple left for a ten days' stay at Old Point and will return here to live.

HELD FOR TRIAL.

#### Charges of Petty Larceny Against John Curran.

in this city of four elk, four antelope, ten John Curran, aged twenty-five years, was deer and two brown bears. These animals today charged in the Police Court with five will be sent from Yellowstone National Park, where they have been recently capcases of petty larceny. Through his counsel, Mr. W. E. Ambrose, he asked for a trial by jury, and Judge Scott held him in Captain John Pitcher of the 1st Cavalry, \$200 bonds in each case to await further who is acting superintendent of Yellowproceedings. stone Park, made the proffer of the animals to the Smithsonian Institution, through the

It was stated to Assistant Attorney Given that Curran was found in an old house, No. 1638 12th street northeast, where with some relatives he had lived for some time past. In the cellar there was found the dead body of a horse which George Banks claims was stolen from him two weeks ago, and it is alleged the animal died of starva-

tain Pitcher says he understands it is the custom to keep all animals captured in the park until the close of the tourist season, and then send them to some place where a collection of animals is being made.

In accepting the profer of the animals, Mr. R. Rathburn, acting secretary of the Smithsonian Institution, says that all of the animals would be of value to the Zoo here, and that the antalope and bears are especially desired. In conclusion Mr. Rathburn assures the Interior Department that the Smithsonian Institution heartily appreciates its efforts in complying with the provision of Congress that the heads of all departments shall render all practicable aid in making collections for the National Other articles found about the place were wagon, said to belong to George Johnson; a duck, alleged to be the property of Philip Krause; a wheelbarrow, claimed by Harman P. Lord, and a lot of gasoline valued at 40 cents. Some of the police officials expressed the opinion that Curran may not be right in his mind, and it is possible he will be examined to determine

WATER REGISTRAR'S ESTIMATES. in making collections for the National Zoological Park. Many animals of much interest and value have thus been added to Additional Clerks and Inspectors an Increase in Salaries.

George F. Green, the water registrar,

expense of operating the revenue and inspection branch of the water department. He asks for two additional clerks at \$1,200 per year each, an increase in the salary of one clerk from \$1,400 to \$1,600, and two additional inspectors at \$900 per year each. additional inspectors at \$900 per year each. For contingent expenses Mr. Green asks the sum of \$2,500. The total salary list is \$19,736. In requesting the increase in the salary of the \$1,400 clerk, Mr. Green states that the clerk, in the absence of the registrar, acts as chief clerk, while his duties and responsibilities at all times are such as to warrant the increase sought. An increase in the clerical and inspection branch, he declares, is sorely needed, the number of water takers increasing rapidly, while the force remains the same. OPPOSE GUY POLE.

Citizens Object to Erection of One at 81st and U Streets.

W. T. Powell of 1699 31st street northwest, and George W. King, residing at trict Commissioners against the erection 81st and U streets northwest. Mr. King declared there was not one legitimate reason why the pole should be erected, while there were many reasons why it should

not be. Continuing, Mr. King says: "While I am perfectly aware that this letter will be referred to a subordinate whois not in touch with the taxpayers and who does not for a moment consider their rights, and his report be accepted by your board, I write this protest and retain letter-press copy, so that when this matter comes before the congressional committee your board may be estopped from pleading that no formal protests against the erection of these poles were received. tion of these poles were received."

Mr. Powell writes:

"The right to erect any additional poles has not been granted, as I understand it; only to replace the old poles with the new. This is an additional pole and therefore unlawfully installed. It was only a short time ago that a great stir was made and much promised relative to placing all wires underground. That fact is not lost sight of by the public, though it may be purposely kept in the background by interested parties. I believe that no company whatsoever has any right to erect poles in the sidewalks of old Georgetown without the consent of the residents thereof. The people have a prior right to the sidewalks at least. The pole in question, to say the least, will certainly be unsightly and un-lawful, as before stated."

The Commissioners have approved a re-port from the electrical engineer upon the

matter, which says:

"The guy pole erected at the corner of 31st and U streets northwest is necessary in order to maintain the main line of poles on the opposite side of U street at a point where the line makes a considerable angle. This department has seven wires now on these poles, which would be in an unsafe condition if the guy pole were taken down. Upon the completion of other pole work in Georgetown we will string two or three other wires along this same line, which will render the necessity for the guy pole all the more urgent. I would recommend that the complainants be informed that this pole is absolutely necessary for the maintenance of the pole line mentioned above and canremoved. It in no way interferes with their premises."

#### FUNERAL OF W. S. THOMPSON. Venerable Pharmacist to Be Buried in Oak Hill Cemetery.

The funeral of Mr. W. S. Thompson, w dled suddenly yesterday, of which mention was made in The Star, will take place tomorrow afternoon from his late residence, No. 1322 New York avenue, at 3 o'clock. The following honorary pallbearers have been selected: William M. Poindexter, John R. Major, E. J. Stellwagen, Henry A. Willard, Col. Henry F. Blount, Jas. E. Fitch, Dr. Wm. M. Mew and W. G. Duckett. The active pallbearers will be Samuel W. Curriden, James M. Green, H.

Mr. Thompson was a past master of New Jerusalem Lodge, F. A. A. M., and that lodge will be represented by the worshipful master, Charles E. Combs, and others. The following organizations of this city in which the deceased was interested will also be represented: The American Security and Trust Company. and Trust Company, the Riggs Fire Insurance Company, the National College of Pharmacy, the Mutual Fire Insurance Company, the Woodmont Rod and Gun Club, the District Pharmaceutical Association, the trustees of the Reform School and Children's Hospital. Several out-of-town organizations will send representatives, among them the American Pharmaceutical Association and the U.S. Pharmaceutical Association a ceutical Association and the U. S. Pharma-copoela revision committee.

The services will be conducted by the Rev. U. G. B. Pierce, pastor of All Souls' Unitarian Church. The interment, which will be private, will be in Oak Hill Ceme-

### DEATH OF MRS. FLINT.

United States Navy. Mrs. Flint, wife of Rear Admiral M. Flint, medical director, United States navy, died last night at the Portland, after a lingering illness. Admiral Flint and his wife spent the summer at Magnolia, Mass., where the latter was ill. They returned about a fortnight ago to their apartment at the Portland.

Wife of Medical Director Flint of the

OUR LOCOMOTIVES PREFERRED.

The Views of a Manager of an East India Line. American locomotives continue popular on the railways of India, where they are in competition with English engines. Colonel Constable, the manager of one of the great railway lines of India, recently visited the United States to study the railway system, and the treasury bureau of statistics has just received a summarization of his report submitted to the Indian government, and, through it, laid before the

British board of trade Colonel Constable states in his memorandum that no doubt "the American engine burns more fuel and wears out sooner than the English locomotive, and the for-mer is unquestionably a dirty-looking ma-chine, but Americans de not expect their engines to last more than fifteen years, by which time they are ready to put them on the scrap heap and adopt a different design and a more efficient article, and it must be remembered that coal is exceedingly cheap

Colonel Constable also states that their great hauling capacity makes up for any defects in their details, and that in his opinion weak and out-of-date engines are opinion weak and out-of-date engines are not discarded often enough in India.

The memorandum continues as follows:
"The first duty of an engine is either to run fast or to pull a big load, and I would sooner have a dirty-looking engine that would hall 3,500 tons than a beauty to look at that could only hall 600 or 700 tons as at that could only haul 600 or 700 tons as in England, or 1,200 tons, as in India. The cost of coal is only one factor in the cost of carrying a unit, and the East India railway would be better if with its cheap

coal its engines hauled American loads, even if its coal consumption per engine mile were doubled and its engine had to be scrapped at the end of fifteen years." Colonel Constable concludes by saying that, as a matter of practice, American lines like to run an engine for all it is worth like to run an engine for all it is worth, provided traffic is offering, just allowing sufficient time for cleaning and repairs, and that some engines on the Pennsylvania railway are said to do 15,000 miles a month, keeping remarkably good time.

### CARRYING VENEZUELAN MAIL. Bids Invited by the Postmaster Gen-

Postmaster General Charles Emory Smith has signed an order calling for bids for carrying the mails between this country

and Venezuela and Porto Rican ports. The contract now held by the "Red D" line for carrying the mails to Venezuela will expire March 1, on which date the new contract must be operative. The present Venezuelan service calls for three trips a month at a rate of \$81,000 a year, but since the Spanish war the line has been able to make only two trips a month on account of the use of one of its vessels by the navy. The new proposals call for a continuance of the present two-trip schedule by third-class vessels and also for additional service of two trips a month by vessels of the fourth class, which, while en route to Venezuela, are to stop at San Juan, in addition to the two trips a month Juan, in addition to the two trips a month already in operation to Porto Rican ports. The vessels of the third class are to receive one dollar per mile on the outward trips and the fourth class vessels sixtysix cents per outward mile. These contracts afford a regular Saturday service to both Porto Rican and Venezuelan ports, increasing the facilities, according to the department, at a cost little more than the present irregular and infrequent service costs. has submitted his annual estimates of the

enue bureau shows that the total receipts from the war revenue act, alone during the month of August, 1901, were \$5,498,277.

The principal items are the following:
Beer, \$2,839,926; documentary stamps, \$1,020,104; tobsoco, \$781,146; legacies, \$285,119; special taxes, \$867,290.

AFFAIRS IN GEORGETOWN.

-General and Personal. There are a number of minor repairs be ing made to residences in this section and 1692 31st street, have protested to the Dis- new houses that are in course of erection are being rushed forward rapidly. The of a guy pole at the southeast corner of row at 33d and N streets is being expedited, and the Smoot flats, on Dumbarton avenue, are nearly finished, the brickwork being completed and the interior work now being in progress. The row of sanitary dwellings on U street opposite Oak Hill

Building Operations in the West End

cemetery is practically completed. Lewis Hoffenmaier is building a twostory brick addition to his residence, at 3401 N street. W. W. Metzger has completed minor repairs to the two-story frame dwelling at 3213 Q street. The Capital Traction Company is making improve-

ments to its property in square 1200.

Since the rejection of the sites recently offered for the proposed police substation in Tenleytown no action has been taken by the Commissioners looking to the selecby the Commissioners looking to the selection of a new site. In accordance with advertised proposals, three sites were offered and all were rejected, the one thought to be the most desirable being handicapped by the fact that a portion of the land would be taken for a public highway under the proposed plan of street extension. It is stated that the Commissioners are endeavoring of secure a site through a private sale, but no authority can be found for this. The residents of the village are anxious that the station shall be erected and occupied as soon as possible. and occupied as soon as possible.

It is understood there will be no public

propriate money for the purpose. The school was attended by a number of pupils during the session last year, Mr. Robert L. Haycock being in charge. It is said that at the coming session of Congress an attempt will be made to have a special appropriation passed to become immediately propriation passed, to become immediately available, so that the school can be oper ated on the same lines as before. Linthicum Institute will open October 7. Preston Bowie. a sixteen-year-old color-

yphoid fever, has practically recovered. The regular weekly euchre party was

Chinese Labor. From the Honolulu Advertiser.

The decision of the Supreme Court, vesting in Congress the control of territories, makes it possible to get special legislation for the admittance of Chinese labor to these islands. Whether there is any probability that such a course will be taken by Congress depends upon the fate of the broader proposition to annul or modify the exclusion act. If the influences against Chinese labor are strong enough to sustain the Geary law as a whole they will also be strong enough to prevent the introduction of Chinese here for special purposes.

TOWELL—LIGGETT. On September 25, 1901, at Church of the Incarnation, by Rev. W. H. K. Pendleton of Virginia, assisted by Rev. Will-iam Tayloe Snyder of Washington, ANNA MAY, only daughter of Mrs. Caroline Stewart Lig-gett of Washington, D. C., to Mr. GEORGE LEVERETT STOWELL of Brooklyn, N. Y.

BROWN. On Thursday, September 26, 1901, at 6:30 p.m., MARY V., beloved wife of Charles E. Brown, at her residence, 2920 N street north-

We had a precious treasure once,
She was our joy and pride.
We loved her all, perhaps too much,
For soon she slept and died.
All is dark within our dwelling,
Sad are our hearts today,
For the one we loved so dearly
Has forever passed away.
BY HER DEVOTED HUSBAND,
CHARLES E. BROWN.

Our dearest daughter, could you speak to us,
And could you live again,
Our aching hearts would then be healed;
But this we wish in vain.
Our hearts are sad and lonely,
Our grief too deep to tell,
But time will come when we will meet
And all to you we'll tell.
BY HER MOTHER AND GRANDMOTHER.

uneral from her late residence September 28, at 2

CHURCH. Suddenly, on Thursday, September 26, 1901, at 10:30 a.m., MATHLDA S., beloved wife of Charles B. Church.
Funeral Saturday, September 28, 1901, at 2 p.m., from her late residence, 306 11th street southwest. Friends invited. Interment private. (Baltimore papers please copy.)
